

CRUISING

1

Lyrics and Music © 2009 by Bill and Gretchen Roper

F **C**
Let's fill up the tank and pile in the van
G **C**
When the moon is high in the sky.
F **C**
With a big chunk of cavorite under the hood,
D **G**
You'll believe that a van can fly.
F **G**
We're all buckled in so we know we'll be safe
E **Am**
As the big red van starts to rise,
F **C** **F** **C**
'Cause there's nothing quite like spending your Saturday night
F **G** **C**
On a family drive through the skies.

(Chorus)

F **G**
We're goin' to the moon in my red minivan.
C **Am7**
I've packed some milk and cookies and some strawberry jam.
F **G**
With Baby and Mommy and Winnie the Pooh,
E **E7** **Am**
So come along and join us 'cause there's just room for you.
F **G**
We're goin' to the moon in my red minivan.
F **C** **G** **C**
I know we're gonna make it - Katie told me we can!

Roll the windows up, 'cause we're gettin' so high
And it's better when the air is inside.
And Daddy's got the pedal pressed down to the floor,
So it's gonna be a heckuva ride.
We'll cruise for a minute in zero-G,
Plucking M & Ms from the air.
And the man in the moon is smilin' tonight,
'Cause in just a half an hour we'll be there.

(Bridge)

Am7 **Dm7**
And the lights in the sky are brighter
G **C**
Than they were before we started to fly.
Am7 **Dm7**
And we count the stars through the windows
D **G**
As we watch the constellations roll by.
Dm7 **G**
It's a beautiful night to go cruising
E7 **Am7**
With the family all aboard for a trip.
Dm7 **Em7** **Dm7** **Em7**

CRUISING

2

Lyrics and Music © 2009 by Bill and Gretchen Roper

And if Katie says it's true then I've gotta believe

Dm7 D7sus4 G/D

That a minivan is gonna be a rocket ship.

We're gonna kick up the dust at Tranquility Base
As our red lunar rover rolls by.
And there's a big blue marble hanging high overhead
That's the prettiest thing in the sky.
We'll blow a big bubble and fill it with air
So we can wander round safe in our dome
And we'll build sand castles by the light of the Earth
'Till it's time to pack up and go home

(Chorus to coda)

F **C** **G** **C**
I know we're gonna make it - Katie told me we can!

F **C** **G** **C**
I know we're gonna make it - Katie told me we can!

Gretchen gave me the chorus for this right after we got back from FilkOntario this year. I put chords to the chorus, but it took a little while before we got back to it.

*But Katie wants to go to the moon, so we really **had** to get back to it.*
