

I Knew

(Chorus)

C Em F G C C Em F G

I knew, but I didn't know why.

C Em F D G

I knew, but I couldn't see it, standing under a clear, blue sky.

F G C F

I knew that I just needed to spread my wings and fly.

C Em F G C

I knew, but I didn't know why.

C Em F G

I just needed something new,

F Dm F G

Nothing borrowed, nothing blue.

C Em F G

Someone who was just like you

F G

To help me get away.

Am D G

Someone to be there and to make me smile for a little while.

Am D G

Someone to spend a day, let me know she cared when I didn't dare.

I'm not the brightest guy,

Unobservant, passing shy.

Someone would sure have to try

To knock some sense in me.

Someone to make me see, open up my eyes, be a little wise.

Someone so close to me, whispers in my ear that she's waiting here.

I got a big surprise.

Found out just what that implies.

Talked until the next sunrise

Sent the night away.

Now there is someone who I see with pride, standing by my side.

Someone who's always there, just to share a smile for a little while.

(Chorus twice)

C Em F G C

I knew, but I didn't know why.

C Em F G C

I knew, but I didn't know why.
