Song Thirteen

(Chorus)

Amaj7

Get out on the dance floor.

G

No need to make a scene.

D

You'll never learn to dance,

Dm

You'll never find romance,

E7

If you do not take a chance

Amaj7 E7sus4 Amaj7 E7sus4

On Song Thirteen.

Amaj7

Song Thirteen's for lovers.

E7sus4

Song Thirteen's for friends.

D6

Dm6

Song Thirteen is for anybody

E7

Right up until the music ends.

Amaj7

It's a song where you recover.

E7sus4

It's a song for dancing slow,

D6

Dm6

Unless you want to swing cause you're not a fuddy duddy

E7

And you want the whole room to know.

There's magic in the melody.

There's rhythm in the beat

That sends you to the dance floor

And makes you move your feet.

It's a song to summon what will be.

It's a song to bring you change.

It's a song to leave what came before,

For new things in exchange.

(Bridge)

D6 **Dm6**

The music will surround you

Amaj7

As you dance across the floor.

D6 **Dm6**

You're not the way it found you

E7

And it doesn't matter any more.

When Song Thirteen is playing
Come take your partner's hand,
Cause Song Thirteen is just for you
And everyone who hears the band.
Feel your bodies swaying
To the rhythm of the drum,
Cause Song Thirteen will tell you what is true
And everything that's still to come.

(Chorus twice)

E7 **Amaj7**

On Song Thirteen.

E7 **Amaj7**

On Song Thirteen.
