The Stars Do Not Care

(Chorus)

E7sus4 **A7** **E7sus4** **A7**
I'm looking up at the stars tonight
 E7sus4 **A7** **E7sus4** **A7**
And the stars are looking down on me,
 Cmaj7 **A7**
But the stars do not care
 Cmaj7 **A7**
That I am standing there,
 Cmaj7 **D6** **E7sus4 A7 (x2)**
'Cause the stars do not care about me.

E7sus4 **A7**
The stars are bright
 Cmaj7 **A7**
On this cold and moonless night.
 Cmaj7 **D6** **E7sus4** **A7**
The stars have promises to keep.
 G/D **Cadd9**
But the stars tell us lies
 G/D **Cadd9**
About distant foreign skies
 A7sus4 **D6** **E7sus4 A7 (x2)**
And the stars won't allow me to sleep.

The stars are cold
As they shine into your soul.
Every pinpoint leaves a mark.
The galaxy turns
And new fires start to burn
And new stars will rise in the dark.

(Chorus)

The stars are so far
And light years are the bar
That keep us locked up in the mud.
We still long to climb,
Wrapped up in human time
And the melody flows through our blood.

The stars will live,
But none will ever give
The light from the sun that we see.
Echoes of that light
Shine down on us at night.
Are there eyes out there looking for me?

(Chorus)

(Bridge)

G/D **Cadd9**
The stars do not call.
G/D **Cadd9**
They do not care at all.
A7sus4 **D6** **E7sus4** **A7**
The stars orbit deaf, dumb, and blind.
G/D **Cadd9**
But somewhere there may be,
G/D **Cadd9**
Past places I can see,
A7sus4 **D6** **E7sus4** **A7 (x2)**
Someone staring outward with a mind.

(Chorus twice)

Cmaj7 **D6** **E7sus4** **A7**
'Cause the stars do not care about me.
Cmaj7 **D6** **E7sus4**
'Cause the stars do not care about me.
