Going There With You

C **F/G** **G** **C/G**
I want to ride a rocket blasting off to outer space
 F/G **G/D**
And float in zero gravity in that high and lonely place.
 Am **D** **Am** **D**
But it isn't really lonely, 'cause one thing I know is true:
 C/G **F/G** **G/D** **C/G F/G C/G F/G**
Wherever I am going, I am going there with you.

I want to walk within the pages of my favorite book
And help the heroes win the day, no matter what it took.
And with you there beside me, we would know just what to do,
'Cause wherever I am going, I am going there with you.

(Bridge to instrumental verse)

Am **Em7**
No matter where I'm going and no matter where I roam,
Am **Em7**
Any place that I'm with you is a place that I call home.
 F **C** **F** **C**
Let's pack our bags together and set off for somewhere new.
 F **C** **G/D**
The only thing I care about is going there with you.

I want to take a time machine back to the day we met
And remember what it felt like when I hadn't found you yet.
And I would tell that younger man that wishes do come true,
'Cause wherever I am going, I am going there with you.

I want to ride a rocket blasting off to outer space
And float in zero gravity in that high and lonely place.
But it isn't really lonely, 'cause one thing I know is true:
Wherever I am going, I am going there with you.

C/G **F/G** **G/D** **C/G**
Yeah, wherever I am going, I am going there with you.
 C/G **F/G** **G/D** **C/G**
Wherever I am going, I am going there with you.
