Starry Weather

Dsus2 **Cmaj7**
I'm counting down the time
Am7/G **Dsus2**
Under starlight showers.
Cmaj7
Listen for the chime
Am7/G **Dsus2**
Marking off the hours.
Am7/G **Dsus2**
I've been off to roam
A7sus4 **Dsus2**
With the time I borrowed.
Am7/G **Dsus2**
Now I'm coming home.
A7sus4 **Dsus2**
I'll be there 'fore tomorrow.

(Chorus)

Dsus2 **Cadd9** **G6** **Dsus2**
And the stars shine on.
Cadd9 **G6** **Dsus2**
And they shine for you and me.
Cadd9 **G6** **Dsus2**
Before this night is done,
Em7 **A7sus4** **Dsus2**
I'll be home with you and you'll be home with me.

2x [Cadd9 (open) Em7 (open) Dsus2]

All the pretty lights
Hanging up in heaven.
Just so many nights
In the time that we are given.
Time we spent apart,
Time we spent together.
I'm reaching for your heart
Through all this starry weather.

The stars come out to dance
As I fly through distant spaces
To the memory of romance
And long-delayed embraces.
I am homeward bound,
Just the stars and I together,
Coming back around
From the far side of forever.

(Chorus twice)

Cadd9o **Em7o** **Dsus2**

You'll be home with me.

Cadd9o **Em7o** **Dsus2**

You'll be home with me.

Cadd9o **Em7o** **Dsus2**

You'll be home with me.
